

# Instructions for **JetCal**

**1.** On the normal print setting, print the design on the white side of the paper using an inkjet printer. Allow print to dry for 1 hour.

**2.** Cut around the edge of the design.

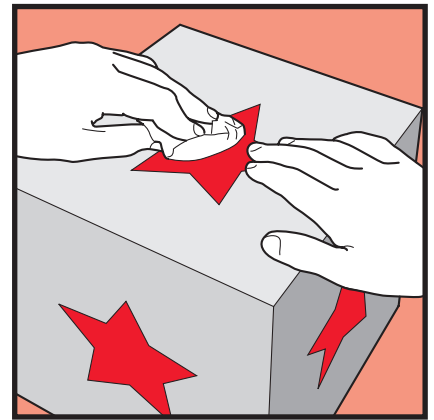

**3.** Soak in a suitably sized container of tap water for 1 minute. Remove from water.

**4.** Slide design from backing paper onto chosen surface. Please note that unprinted areas will appear white.

**5.** Gently wipe over surface with a wet sponge.

**6.** Remove remaining water from surface with a clean tissue. Allow the decal to dry for 1 hour.
